Done-For-You Leads, Traffic & Booked Meetings — 30% Day-1 + 30% Monthly Recurring Commissions

30% Commission
60-Day Cookie (`ss_ref`)
Veristria AS · Kleppe, Norway

1. Why StackSolutions Is Easy to Pitch in Chat & Supplier Groups

Cold prospects rarely want to buy software subscriptions, configure DNS/mailboxes, or clean CSV spreadsheets themselves. They want **warm buyers, store traffic, or booked sales calls**. At StackSolutions.dev, our Norwegian AI lab runs our own in-house tools (**StackShortlist.dev + StackOutreach.dev + StackCaller**) and delivers the finished result.

OUTCOME PACKAGE (1X BLOCK)	MONTHLY + DAY-1 SETUP	YOUR 30% DAY-1 PAYOUT	YOUR 30% MONTHLY RENEWAL	BEST BUYER PROFILE
01 · Interested Leads (4 warm B2B leads/mo)	$199/mo + $100 setup (**$299 Day 1**)	**$89.70**	**$59.70 / mo** ($746.40 / yr)	Suppliers, manufacturers, wholesalers, agencies who close in WhatsApp/email.
02 · Converting Traffic (400 targeted visits/mo)	$299/mo + $150 setup (**$449 Day 1**)	**$134.70**	**$89.70 / mo** ($1,121.40 / yr)	Shopify/e-commerce stores, SaaS trials, self-serve web checkouts.
03 · Booked Meetings (4 calendar calls/mo)	$399/mo + $200 setup (**$599 Day 1**)	**$179.70**	**$119.70 / mo** ($1,496.40 / yr)	High-ticket B2B services, software, consulting, industrial contracts.

Multi-block scaling: When a client orders **2x, 3x, or 5x blocks**, your 30% commission multiplies automatically (e.g., 2x Booked Meetings = **$359.40 Day 1 + $239.40/mo**).

2. Your Clean Tracking Links (`/sh` & StackCenter)

Sheikh Team Instant Shortlinks

Share `https://stacksolutions.dev/sh/yourname` (for example `/sh/zunaira` or `/sh/ahmed`). It automatically sets a **60-day cookie** (`ss_ref=sh_yourname`) even if the buyer books a Zoom call first and pays days later.

Pause-Until-Delivered Trust Hook

Every package has a built-in Stripe guarantee: if all 4 leads/meetings (or 400 visits) are not delivered within 30 days, **Month-2 billing pauses automatically** while we keep working at $0 extra until 100% is delivered.

3. Two Qualifying Questions Before You Pitch

1. **"What is the main product or service you want more buyers for right now, and in which countries?"**
2. **"When a new customer buys from you, do they checkout directly on your website, reply in WhatsApp/email for a quote, or hop on a sales call first?"**

- Checkout on website → Pitch **Converting Traffic ($299/mo)**
- WhatsApp / Email quote → Pitch **Interested Leads ($199/mo)**
- Scheduled call / high-ticket → Pitch **Booked Meetings ($399/mo)**

4. Copy-Paste WhatsApp, Facebook & LinkedIn Chat Scripts

SCRIPT A · DIRECT $199/MO INTERESTED LEADS PITCH

"Got it! Since you prefer speaking directly with buyers once they ask for pricing or samples, that is exactly what our Norwegian AI team does at StackSolutions. Instead of selling you software or raw lists, we run our own B2B database (StackShortlist) and outreach engine (StackOutreach) for you. Our starter block delivers 4 warm, interested B2B decision-makers per month for $199/mo (+ $100 one-time setup). And if all 4 aren't delivered inside 30 days, next month's billing pauses automatically while we keep working free until all 4 are in your inbox. Want our 2-minute demo video or the link to pick your target countries? https://stacksolutions.dev/sh/yourname"

SCRIPT B · INVITE TO A 10-MINUTE SCREEN-SHARE CALL (NO CAMERA NEEDED)

"If you'd like to see how many verified buyers we have in your target country before starting, let's jump on a quick 10-minute Zoom screen-share. You don't even need your camera on—our specialist will share their screen, filter your exact market live in StackShortlist, and configure your campaign link with you. First open https://stacksolutions.dev/sh/yourname so you see the packages—does tomorrow morning or afternoon work better?"

STRICT RULES · WHAT NEVER TO PROMISE

Never offer discounts below $199 / $299 / $399 (these are already our global wholesale floors). Never promise guaranteed closed revenue—we guarantee qualified interested leads, verified targeted visits, or confirmed calendar meetings backed by the Pause-Until-Delivered SLA.
